BARCODE PLUS 4 PEACHTREE

Streamlines Inventory Management and Saves Money

JCS Computer Resource Corp. introduces the first Barcode inventory management system for Sage Peachtree Quantum. You can now streamline your inventory management procedures with our new Barcode for Sage Peachtree Quantum product.

Barcode for Sage Peachtree Quantum running on the Symbol MC70 hand held, has been tightly integrated with your Peachtree by Sage software to help your company experience improved productivity and profitability through increased efficiency.

The **Symbol MC70** is a rugged, compact, lightweight TNT-based portable data terminal with standard wireless connectivity using WAN/LAN/PAN and Bluetooth. The Symbol MC70 hand held is tightly integrated with modules that are key to managing inventory in Sage Peachtree Quantum, providing you with the ability to:

Receive Purchase Orders - this features allows you to add the quantity received to the current quantity on hand through Peachtree Purchase/Receive Inventory.

Manage Ship / Invoice Sales Order – you can automatically deplete the quantity shipped from the current quantity on hand through Peachtree Sales Invoices.

Streamline Physical Counts – using Inventory Adjustments, reconcile the actual quantity counted and the system quantity on hand by automatically deducting or adding the difference.

Stop losing money, gain more control, increased accountability and reduce the time for physical inventory.
