

Link ACT! to Peachtree

Installation Instructions

Installation Instructions

1. Close all programs and disable virus-protection and screen-saver programs on your computer.
Make sure you re-enable these after installation is complete.
2. Run the **ACT!LinkForPeachtree2009_ACT!2009.exe** program.
3. Follow the on-screen instructions to complete the installation.

Benefits of the link

With ACT! Link for Peachtree and ACT! by Sage, you'll have the details of your customers and vendors such as credit information, current balance, last invoice and payment, open quotes, sales orders, receipts, and more, right at your fingertips!

With ACT! Link for Peachtree you can:

- Review monthly sales information per customer in detail or view a summary graph.
- View a summary of all linked contacts within ACT!
- Link one Peachtree record to one ACT! contact or link one Peachtree record to many ACT! contacts
- Link contacts one at a time or use the mass linking function to link all contacts at once based on selected criteria
- Add or delete links based on changes in the company
- Eliminate duplicate data entry to save time every day
- Keep customer information current in both systems automatically
- View real-time accounting summaries from within ACT!

ACT! Link for Peachtree is included with the purchase of any Peachtree product.
